

**A GUIDE TO
KAHRAMANMARAŞ SÜTÇÜ İMAM UNIVERSITY
FOR INTERNATIONAL STUDENTS**

ABOUT KSU

KSU, founded in 1992, has attained a contemporary profile via perpetually keeping up with the times and developing itself and adopted showing constant efforts with a view to achieving and maintaining higher education standards as a principle. Our university has showed an outstanding progress with its 10 faculties, 4 schools, 3 graduate schools, 8 vocational schools, 5 Rectorate affiliated departments, 15 research centres, over 30.000 students, approximately 1200 academic staff and 830 administrative staff.

Directing its education policies in accordance with the changing demands and needs of the society, our university possesses a physical structure comprised of Avşar Campus (Rectorate, Rectorate Affiliated Departments, Faculty of Economics and Administrative Sciences, Faculty of Arts and Sciences, Faculty of Education, Faculty of Fine Arts, Faculty of Engineering and Architecture, Faculty of Forestry and Faculty of Agriculture, School of Foreign Languages, School of Physical Education and Sports), Bahçelievler Campus (Faculty of Medicine, Faculty of Theology, School of Health Services, Kindergarten, indoor sports hall and health centre); Karacasu Campus (Vocational Schools).

On the Avşar Campus, which has a modern view resulting from infrastructure and environment planning, it is aimed at providing the best service to the students with smart classes and lecture theatres (seating 140-250), conference halls (seating 250-300), well equipped labs, sports facilities, internet halls, libraries and student cafeterias. Smart classes are available in all faculties, schools, graduate and vocational schools. Lectures are supported visually with video projectors assembled in classes and computers with LCD screens which are mounted into the professorship chairs designed by Directorate of Computing and Department of Informatics.

KSU has recognised contributing to well-educated individuals as its main purpose with the intention of creating a productive and contemporary society with its pre-eminent academic staff and rapidly increasing education quality since its foundation year.

The central library with its rich collection caters for advocating our university's education and research facilities, meeting the needs of students and academic staff stemming from their academic programme and scientific research. The collection includes almost 50.000 books, 743 published journals, 1630 postgraduate theses and 22 electronic databases. In addition, one of the founders of Turkish Historical Society, Ord. Prof. Mükrimin Halil Yinanç, donated a part of his library subsuming printed works on history, culture and literature in French, Old Turkish (Ottoman Turkish), Farsi and Arabic to our university in 2009 and following the necessary classifications, it has brought into service for the researchers.

The following are the other facilities provided to its students: advisory, health, food and drink, transportation, accommodation, cafeteria, banking, cultural centres, internet, laboratory and sports facilities. They are also supported by education loans and scholarship.

The mission of KSU is to meet the needs of the age, to become one of the respected universities in its region with its education, research and inventions. The vision of KSU is to accomplish the inventions of high quality, to raise individuals with the appropriate ethics and scientific education, to strengthen the collaboration among university, industry and community, to play a role in the future of our country, region and city, and to fulfil the requirements of being an international institution.

In order to develop the collaboration among university, industry and society; and contribute the culture of innovativeness, entrepreneurship; Research and Development Centre for University-Industry-Public Relations (ÜSKİM), Technology Development Centre (TEKMER) and TEKNOPARK were founded.

KSU provides dormitories for 1000 students at Avşar, 1500 students at Karacasu, 750 students in Elbistan, 180 students in Afşin and 300 students in Göksun Campuses.

Atatürk Culture and Sports Centre, designed for meeting the needs of the students and staff, consists of a fitness centre, ballroom, conference hall and administrative offices. The sport complex provides service with amphitheatre, 2 small football pitches, 4 basketball, 1 tennis and 4 volleyball courts. In addition, a gym for 1500 person capacity and a stadium for 5000 person capacity are still under construction.

Our students and the inhabitants of Kahramanmaraş are served not only in the field of educational activities, but also in the field of social and cultural activities by K.S.U. Among them, conferences, symposiums, celebrations and spring festivals are of highly appreciated importance.

INTERNATIONAL AFFAIRS OFFICE

Kahramanmaraş Sütçü İmam University was awarded with Erasmus University Charter in 2004 and the programme has been implemented in various departments of the university since then to promote the exchange of cultural, knowledge and experience with the higher education institutions in Europe.

CENTRE FOR DISTANCE EDUCATION

Being one of the twelve centres for distance education in Turkey, KSU Centre for Distance Education, Application and Research aims to attain the international quality in distance education practices and to raise qualified individuals equipped with required knowledge and skills to be employed in public and private organizations and to attain a high status among the institutions offering distance education at national and international levels.

Distance Education Programmes

- ❖ Business Administration [Second Cycle (MA) and Third Cycle (PhD)]
- ❖ Call Centre Staff Training
- ❖ Medical Facilities Management
- ❖ Public Administration [Second Cycle (MA) and Third Cycle (PhD)]

FACULTIES

Faculty of Agriculture

Affiliated to Gaziantep University in 1987, Faculty of Agriculture started its education admitting its first students to the Department of Field Crops for Academic Year 1988-1989. It was adhered to Kahramanmaraş Sütçü İmam University in January 1993. The faculty aims to conduct scientific research, to offer education and to publish academic works in the scope of agriculture. It also aims to conduct agricultural research at both local and national levels in the province it is located.

Departments

- ❖ Agricultural Biotechnology
- ❖ Agricultural Economics
- ❖ Aquaculture
- ❖ Biosystem Engineering
- ❖ Crop Protection
- ❖ Field Corps
- ❖ Horticulture
- ❖ Soil Sciences and Plant Nutrition
- ❖ Zootechnics

<http://ziraat.ksu.edu.tr>

Faculty of Arts and Sciences

Established in 1992, Faculty of Science and Letters aims to do interdisciplinary research and development in consideration of creative thinking and to be recognised at national and international platforms in the field of social and natural sciences.

Departments

- ❖ Archaeology
- ❖ Biology
- ❖ Chemistry
- ❖ Geography
- ❖ History
- ❖ Mathematics
- ❖ Philosophy
- ❖ Psychology
- ❖ Physics
- ❖ Translation Studies
- ❖ Turkish Language and Literature
- ❖ Western Languages and Literature

<http://fenedebiyat.ksu.edu.tr>

Faculty of Economics and Administrative Sciences

Founded in 1992, Faculty of Economics and Administrative Sciences started its education with student admission to the Department of Business for Academic Year 1993-1994. With the aim of interdisciplinary collaborative research and development under the light of creative and independent thought, the faculty primarily aims to raise conscious, self confident, genuine and collaborative individuals who are equipped with international knowledge, skills and capacity to be able to meet the all needs of public and private institutions and to encourage the faculty members as well as graduate students attending various second and third cycle degree programmes to conduct scientific research in these fields.

Departments

- ❖ Business Administration
- ❖ International Relations
- ❖ Economics
- ❖ Health Management
- ❖ Insurance and Social Security
- ❖ Public Administration
- ❖ Social Services

<http://iibf.ksu.edu.tr>

Faculty of Education

Founded in 2004, Faculty of Education aims to support the development of Turkish Education System through training young prospective teachers who are able to use modern teaching techniques effectively and meet the needs of modern world education systems. It also aims to be an institution that instils the spirit of teachers in the students, trains the students as the future educational leaders as pioneers and leaders, adapt the teaching profession, makes them gain attitudes and behaviours required by their profession, brings awareness and power of contribution to development of the country in social, cultural and economic aspects, encourages cooperation and participation of managers, teaching staff and students in a modern and democratic environment, enables them to perceive and assess changes and developments of the era correctly.

Departments

- ❖ Computer Education and Instructional Technologies
- ❖ Educational Sciences
- ❖ Foreign Languages Education
- ❖ Secondary Science and Mathematics Education
- ❖ Turkish Language Education

<http://egitim.ksu.edu.tr>

Faculty of Engineering and Architecture

Founded in 1995, Faculty of Engineering admitted its first students to the Departments of Electrical and Electronics and Textile Engineering. It aims to raise individuals to meet the demands of industrial sector, service, education, research and state institutions and organizations in the fields of Civil Engineering, Electrical-Electronics Engineering, Environmental Engineering, Food Engineering, Geology Engineering, Mechanical Engineering, and Textile Engineering. In addition, it aims to prepare its students for further studies in various fields and to contribute to postgraduate education and research. Another goal of the faculty is to become and remain an institution which is favoured in the process of finding solutions to the problems of related sectors.

Departments

- ❖ Architecture
- ❖ Civil Engineering
- ❖ Computer Engineering
- ❖ Electrical and Electronic Engineering
- ❖ Environmental Engineering
- ❖ Food Engineering
- ❖ Geological Engineering
- ❖ Industrial Engineering
- ❖ Mechanical Engineering
- ❖ Textile Engineering

<http://mmf.ksu.edu.tr>

Faculty of Fine Arts

Faculty of Fine Arts was founded in April 2004. The main goal of the faculty was set to reintroduce creative, accomplished, and liberal, individuals with good communication skills, problem solving abilities and leadership spirit into the society rather than raise individuals for local industry.

Departments

- ❖ Graphic Design
- ❖ Industrial Design
- ❖ Interior Architecture
- ❖ Motion Pictures and Television
- ❖ Music
- ❖ Painting
- ❖ Sculpture
- ❖ Textile and Fashion Design

<http://guzelsanatlar.ksu.edu.tr>

Faculty of Forestry

Established in 1992, Faculty of Forestry is comprised of Departments of Forest Engineering, Forest Industrial Engineering, and Landscape Architecture, which started their education for Academic Years 1996-1997, 2001-2002 and 2011-2012, respectively. It primarily aims to provide high technology solutions to the problems of the industry of forestry in Turkey especially those in the regions of Eastern Mediterranean and Central Anatolia.

Departments

- ❖ Forest Engineering
- ❖ Forest Industrial Engineering
- ❖ Landscape Architecture

<http://orman.ksu.edu.tr>

Faculty of Medicine

Faculty of Medicine aims to raise doctors who can provide protective, therapeutic and rehabilitative healthcare services through their accumulation of scientific knowledge with good communication skills with both their colleagues and patients respecting ethical values, who are able to adopt the biopsychosocial model in treating their patients, who are able to employ practice of evidence-based medicine, who aim to contribute to accumulation of universal knowledge through their scientific research and who will have a voice in the production of health policies to create a healthier society. The faculty offers service in KSU Health Research and Application Hospital and its students do their internship in this hospital.

Departments

- ❖ Basic Medical Sciences
- ❖ Internal Medical
- ❖ Surgical Sciences

Health Application and Research Hospital

Entering into service in a building taken from the Directorate of Health at Bahçelievler campus in 1997, Health Application and Research Hospital has offered health care services in all branches on the main campus since its foundation in 2013. The hospital with an area of 110.000 m2 has the largest closed area among the hospitals located in the city of Kahramanmaraş. It is comprised of 5 polyclinics, 7 dorm blocks, 23 pediatric intensive care units, 6 surgery rooms, a conference hall and an administrative building. The following are the specialised units of the hospital that provides health care services:

- ❖ Andrologia
- ❖ IVF Unit
- ❖ Medical Oncology
- ❖ Nuclear Medicine
- ❖ Obesity
- ❖ Pharmacovigilance
- ❖ Radiation Oncology

The hospital also has the largest Intensive Care Unit in the province in terms of inpatient bed availability. A heliport is to be constructed on the main campus to facilitate patient admission from other provinces in Turkey.

Elbistan Technology Faculty

Founded in 2012, Elbistan Technology Faculty is preparing for student admission to its first cycle degree (BA) programmes in three departments.

Departments

- ❖ Computer Engineering
- ❖ Energy Systems Engineering
- ❖ Topographical Engineering

<http://etf.ksu.edu.tr>

Faculty of Theology

Located on the campus of Bahçelievler, Faculty of Theology started its education for Academic Year 1996-1997. The faculty expects to offer education in its new building located on Avşar Campus for Academic Year 2015-2016. It currently offers first and second cycle degree programmes (BA and MA) in the Department of Theology.

Departments

- ❖ Primary Religious Culture and Moral Education
- ❖ Theology

<http://ilahiyat.ksu.edu.tr>

GRADUATE SCHOOLS

Graduate School of Health Sciences

Established in 1999, Graduate School of Health Sciences aims to raise qualified scientists and experts who will be able to contribute to science and technology and to represent their country and institution successfully.

Second Cycle Degree (MA) Programmes

- ❖ Agricultural Economics (Non-thesis)
- ❖ Anatomy
- ❖ Materials Science (Interdisciplinary)
- ❖ Medical Microbiology
- ❖ Medical Biochemistry
- ❖ Physical Education and Sports
- ❖ Primary School Science Education
- ❖ Sport Management

Third Cycle Degree (PhD) Programmes

- ❖ Anatomy

GRADUATE SCHOOLS

Graduate School of Social Sciences

Graduate School of Social Sciences was founded in 1992 as a rectorate affiliated unit and admitted its first students for the following academic year. It currently offers graduate education in twelve departments.

Second Cycle Degree (MA) Programmes

- ❖ Basic Islamic Sciences
- ❖ Basic Islamic Sciences (Non-thesis)
- ❖ Business
- ❖ Business (Non-thesis)
- ❖ Business (DE/ Non-thesis)
- ❖ Curriculum and Instruction
- ❖ Geography
- ❖ Economics
- ❖ Economics (Non-thesis)
- ❖ Educational Administration, Supervision, Planning and Economics

Second Cycle Degree (MA) Programmes

- ❖ Educational Administration and Supervision (Non-thesis)
- ❖ Educational Sciences
- ❖ Health Management
- ❖ Health Management (Non-thesis)
- ❖ History
- ❖ Islamic History and Arts
- ❖ Medical Facilities Management (DE/ Non-thesis)
- ❖ Philosophy and Religion
- ❖ Philosophy and Religion (Non-thesis)
- ❖ Public Administration
- ❖ Public Administration (Non-thesis)
- ❖ Public Administration (DE/ Non-thesis)
- ❖ Secondary Social Studies Education
- ❖ Turkish Language and Literature
- ❖ Turkish Language and Literature (Non-thesis)

Third Cycle Degree (PhD) Programmes

- ❖ Basic Islamic Sciences
- ❖ Business
- ❖ Economics
- ❖ Geography
- ❖ History
- ❖ Public Administration

Graduate School of Natural and Applied Sciences

Graduate School of Natural Sciences has provided service as a centre for education, research and application since 1992. It currently offers graduate education in 31 departments.

Second Cycle Degree (MA) Programmes

- ❖ Agricultural Economics
- ❖ Agricultural Biotechnology
- ❖ Animal Science
- ❖ Bioengineering and Therapeutic Sciences
- ❖ Aquaculture
- ❖ Biology
- ❖ Biosystem Engineering
- ❖ Chemistry
- ❖ Civil Engineering
- ❖ Crop Protection
- ❖ Cotton Expertise
- ❖ Environmental Engineering
- ❖ Electrical and Electronic Engineering
- ❖ Field Crops
- ❖ Food Engineering
- ❖ Horticultural Crops

Second Cycle Degree (MA) Programmes

- ❖ Forest Engineering
- ❖ Forest Industrial Engineering
- ❖ Informatics
- ❖ Materials Science and Engineering
- ❖ Mathematics
- ❖ Mechanical Engineering
- ❖ Physics
- ❖ Science Education
- ❖ Soil Science and Plant Nutrition
- ❖ Textile Engineering

<http://fbe.ksu.edu.tr>

Third Cycle Degree (PhD) Programmes

- ❖ Agricultural Economics
- ❖ Agricultural Biotechnology
- ❖ Animal Science
- ❖ Bioengineering and Therapeutic Sciences
- ❖ Biology
- ❖ Biosystem Engineering
- ❖ Chemistry
- ❖ Civil Engineering
- ❖ Crop Protection
- ❖ Electrical and Electronic Engineering
- ❖ Field Crops
- ❖ Food Engineering
- ❖ Horticultural Crops
- ❖ Forest Engineering
- ❖ Forest Industrial Engineering
- ❖ Materials Science and Engineering
- ❖ Mathematics
- ❖ Physics
- ❖ Soil Science and Plant Nutrition

SCHOOLS

Göksun School of Applied Sciences

Established in 2012, Göksun School of Applied Sciences currently offers first cycle degree (BA) programmes in three departments.

Departments

- ❖ Accounting and Information Systems
- ❖ Banking and Finance
- ❖ Information Systems and Technologies

<http://guby.ksu.edu.tr>

School of Health

Founded in 1996, School of Health admitted its first students to the Departments of Midwifery and Nursing the following Academic year. It currently offers first cycle degree (BA) programmes in the three departments.

Departments

- ❖ Midwifery
- ❖ Nursing
- ❖ Medical Facilities Management

<http://saglik.ksu.edu.tr>

School of Foreign Languages

Established in 2012, School of Foreign Languages offers foreign language education to preparatory school students and other students attending first cycle degree programmes in various departments.

Departments

- ❖ Basic English
- ❖ Modern Languages

<http://yabancidiller.ksu.edu.tr>

SCHOOLS

School of Physical Education and Sports

School of Physical Education and Sports started its education as a department affiliated to the Faculty of Science and Letters for Academic Year 2000-2001. Admitting students with a physical performance test, the school currently offers first cycle degree programmes in three departments. It aims to raise teachers via scientific and technological-based approaches and methods who will be able to provide education in the field of physical education and sport to students of various grades in schools and physical education centres.

<http://besyo.ksu.edu.tr>

Departments

- ❖ Coaching Education
- ❖ Physical Education and Sports Teaching
- ❖ Sport Management

VOCATIONAL SCHOOLS

Afsin Vocational School

- ❖ Accounting and Tax
- ❖ Bureau Management and Executive Assistantship
- ❖ Chemical and Process Technology
- ❖ Computer
- ❖ Electric and Energy
- ❖ Management and Organizations
- ❖ Marketing and International Trade
- ❖ Ownership Preservation and Safety

<http://afsinmyo.ksu.edu.tr>
